EXAMPLE ABSTRACT – Important formal guidelines!

TITLE:

NO CAPITAL LETTERS, unless where absolutely necessary (e.g. acronyms, initials, abbreviations, e.g. DNA, WHO, AIDS).
NO period at the end.
NO bold or underlined letters or words.
NO italics, unless absolutely necessary.

AUTHOR BLOCK:

CAPITAL letters shall be used ONLY for the first letters of given and family names. The remaining word is written in lowercases.
The first author usually did the main part of the work. The presenting author is the person who will present the work at the conference. The submission system automatically displays the presenting author with an asterisk (in 2nd position in this example).
For affiliations, use CAPITAL letters ONLY at the beginning of the word and lowercases for the remaining word. Uppercases only where necessary. (e.g. INSERM, MIT, WHO)
A maximum of 3 institutions per author is allowed.

ABSTRACT BODY:

Do not include title or authors.
Do not use the word “Abstract” at the beginning. Start with the abstract text right away.
Use LINE BREAKS only at the end of a paragraph.
Font: Arial
Size: 11pt
Ideally the usual structure of a scientific abstract is applied:
- Background/Objectives
- Methods
- Results
- Conclusion
- Grant References

Please do format words in *italics* only when required by nomenclature (e.g. *Helicobacter pylori*).
Use CAPITALS only if necessary (e.g. DNA).
The text is limited to a maximum of 250 words.

In case you insert a *table*, only words will be counted in the word count. Tables (in the usual MS–WORD Format) can simply be pasted into the abstract body field or created via the button “Create a table”.
NO graphics and pictures are allowed.

If applicable, *grant references and fellowships* must be included at the end of the abstract text (and will be included in the word count).

Please ensure that your abstract does not contain spelling, grammatical or scientific errors, as it will be reproduced exactly as submitted. *No proof reading* will be done.

In this sample title, only DNA is in capital letters, it is not bold and there is no period at the end

A. Firstauthor¹, B. Presenter*¹, C. Coauthor²,

¹Immunology Example Department, Fantasy Hospital, Hypercity, Yourcountry
²Another Department, Hospital or Laboratory, City, Anothercountry
